The Mount Sinai Health System is seeking a Unit Chief for the Inpatient Addictions Program at Mount Sinai Beth Israel in Manhattan!

The Icahn School of Medicine’s Department of Psychiatry is a vibrant community of clinicians, researchers, educators, and trainees committed to discovering the causes of, and better treatments for, mental disorders. We are ranked #6 nationally in NIH funding, and listed as one of the top regional hospital departments by U.S. News & World Report. The Mount Sinai Behavioral Health System encompasses the clinical psychiatric services at Mount Sinai Beth Israel, Mount Sinai Hospital, Mount Sinai St. Luke’s and Mount Sinai West. This combined entity has over 400 inpatient behavioral health beds and a robust clinical ambulatory platform with over 1 million visits. Our vision is to be the premier provider of behavioral health services through the development and delivery of evidence-based, integrated, and cost-effective models of care across populations with mental health/substance use disorders.

We are currently seeking a highly motivated, forward thinking, and team oriented addiction medicine physician or addiction psychiatrist for the position of Unit Chief, Inpatient Addictions Program at the Mount Sinai Beth Israel Campus. The Unit Chief will serve as an attending physician to evaluate and treat patients as part of a multidisciplinary team in close collaboration with physician assistants. The service is a teaching site for addiction fellows, psychiatry residents, medical students and psychologists. Exciting opportunities to participate in clinical research are also available.

The Unit Chief will lead a multidisciplinary team that provides care to individuals with substance use disorders. The successful candidate will also be responsible for teaching the multidisciplinary staff best practices in psychiatry and addiction treatment and participate in teaching and supervising medical students, residents and fellows. This role is 80% clinical, 10% teaching, and 10% administrative. Compensation is commensurate with academic rank and experience.

**Qualifications:**
Qualified candidates will be board certified or board eligible in Addiction Medicine or Addiction Psychiatry and be able to possess an unrestricted NYS license to practice medicine. Candidates should have some clinical administrative experience in an inpatient settings and have demonstrated success in executing change. Excellent clinical knowledge and communication skills required. Must possess highly collaborative and
proactive approach, and demonstrate commitment to high-quality, cost-effective health care.

Icahn School of Medicine at Mount Sinai faculty appointment commensurate with experience. We offer a highly competitive remuneration package commensurate with experience, along with an opportunity to join our world class organization. Numerous opportunities for advancement exist. Our compensation plan gives consideration to your years of experience post-residency as well as specialty and sub specialty board certifications.

**About the Mount Sinai Health System:**
The Mount Sinai Health System is New York City's largest integrated delivery system, encompassing eight hospitals, a leading medical school, and a vast network of ambulatory practices throughout the greater New York region. Mount Sinai's vision is to produce the safest care, the highest quality, the highest satisfaction, the best access and the best value of any health system in the nation. The Health System includes approximately 7,480 primary and specialty care physicians; 11 joint-venture ambulatory surgery centers; more than 410 ambulatory practices throughout the five boroughs of New York City, Westchester, Long Island, and Florida; and 31 affiliated community health centers. The Icahn School of Medicine is one of three medical schools that have earned distinction by multiple indicators: ranked in the top 20 by U.S. News & World Report's "Best Medical Schools", aligned with a U.S. News & World Report's "Honor Roll" Hospital, No. 12 in the nation for National Institutes of Health funding, and among the top 10 most innovative research institutions as ranked by the journal Nature in its Nature Innovation Index. This reflects a special level of excellence in education, clinical practice, and research. The Mount Sinai Hospital is ranked No. 14 on U.S. News & World Report's "Honor Roll" of top U.S. hospitals; it is one of the nation's top 20 hospitals in Cardiology/Heart Surgery, Diabetes/Endocrinology, Gastroenterology/GI Surgery, Geriatrics, Gynecology, Nephrology, Neurology/Neurosurgery, and Orthopedics in the 2019-2020 "Best Hospitals" issue. Mount Sinai's Kravis Children's Hospital also is ranked nationally in five out of ten pediatric specialties by U.S. News & World Report. The New York Eye and Ear Infirmary of Mount Sinai is ranked 12th nationally for Ophthalmology and the South Nassau Communities Hospital is ranked 35th nationally for Urology. Mount Sinai Beth Israel, Mount Sinai St. Luke's, Mount Sinai West, and Mount Sinai South Nassau are ranked regionally.

The Mount Sinai Health System is an equal opportunity employer. We promote recognition and respect for individual and cultural differences, and we
work to make our employees feel valued and appreciated, whatever their race, gender, background, or sexual orientation.
