Join us in equipping our patients to reclaim their lives from opioid addiction!

THE CENTERS

The ReVIDA Recovery Centers are licensed Office Based Opioid Treatment (OBOT) Centers. We have seven centers in East Tennessee and Southwest Virginia. Our physicians are trained addiction specialists who bring the latest science and highest ethical standards to focus on each patient’s health and recovery. As a comprehensive opioid addiction treatment program, we offer professional care using a multi-disciplinary approach. In addition to the MAT, our centers offer behavioral counseling (including family, group, and individual therapy), Certified Peer Recovery Specialists, and care coordination. We work with our community partners to help everyone understand the disease, the causal influences, and best practices for recovery from addictions – all of which also help reduce stigma resulting from ill-informed and assumptive ideas.

THE COMPANY

ReVIDA Recovery, a comprehensive behavioral healthcare company that incorporates medication-assisted treatment (MAT) to treat opioid use disorder, empowers each patient to reclaim the life they once had before experiencing addiction. A committed member of the community at-large, ReVIDA is dedicated to working with first responders, public health officials, non-profits, local law enforcement and broader community citizens to restore health and vibrancy to the communities we serve. With a leadership team that brings together expertise across the healthcare spectrum, ReVIDA creates the standard of excellence for behavioral healthcare in the region.
