

ACAAM Recruitment Directory

Addiction Medicine Fellowships currently taking applications

This directory is a listing of Addiction Medicine Fellowships with ACGME accreditation (or accreditation applications in progress) that are currently recruiting.

Fellowships are listed by state and city.

Addiction Medicine generally follows a July-June academic year, and most positions are for 2021-22, although some programs are still considering applicants for “off-cycle” positions starting before that.

In addition to contact information and website addresses, listings specify whether fellowships participate in ERAS (the Electronic Residency Application Service) or take applications directly.

NOTE – Addiction Medicine does not use a “Match,” and each fellowship follows its own timeline for interviews and application decisions.

ACAAM will update this directory as fellowships report changes in their recruitment status.
